Mr. David W. Belin
President's Commission on Assassination
200 Maryland Avenue NE
Washington 2, D.C.

Sir:

In regard to the third hull which I stated has GD for
George Doughty scratched on it, Captain Doughty does
not remember handling this.

Please check again to see if possibly it can be VD or
VBD for Vince Drain.

Very truly yours,

J. C. Day
Lieutenant of Police
Identification Bureau
